Sandringham Suite

The Queens Hotel is a Regency building of great historic interest. It occupies the former site of 'the most remarkable bathing establishment of all' – Mohamed's Vapour Baths! These opened in 1786 and catered for the fashionable set that spent their time in the highly scented steam baths. The bathing establishment was later demolished and replaced in the late 1870's by Markwell's seaside hotel. Its neighbour, built in 1846, was the Queens Hotel. The Queens Hotel absorbed Markwell's in 1908, creating the building you see today.

The Queens Hotel is a wonderful place to start your married life. The moment you walk into the hotel you will be impressed by the style, décor and air of calm professionalism, which tells you this is no ordinary hotel. Being Brighton's largest independent hotel also helps, meaning we can offer you a truly flexible service without having to work to set menu's and packages. It's your day, why should we tell you what you can and can't have.

This suite is located on the lower ground floor and is very popular for wedding receptions. The suite has its own bar and dance floor, and while the suite has been tastefully decorated, it deliberately offers quite a blank canvas. This enables you to add your own finishing touches and to personalise it to your needs and requirements, thereby creating an atmosphere which is as formal or relaxed as you wish.

As you celebrate in our beautiful Sandringham Suite, you will be impressed by the care and

attention of our staff and the excellence of our food and drinks.

We have a dedicated team ready and willing to make your event a success. In order to make life easier, we offer several options as a guide which are listed overleaf. However we pride ourselves on our ability to be completely flexible and we are happy to organise a bespoke package just for you. Everything listed overleaf is changeable and we never forget it's your choice!

"The Queens Hotel is a wonderful place to start your married life."
